Our Vision
An equitable, self-reliant society based on fraternity, equality and justice.

Our Mission
Children grow up in a safe, happy and nurturing community.
Children in rural Jharkhand to be freed from exploitation, enjoy playing and receive education.
Youth learn attitudes and appropriate skills to find livelihoods and lead better lives.

Our Presence

How we began
A group of young social activists from different streams came together, bound by a passion to bring social reform and to empower the disadvantaged sections of the society. Inspired by Gandhian principles of development, Jago Foundation was registered in September 1997, in Giridih district of Jharkhand.

All founding members had been associated with similar development organisations in other parts of the State. The socio-economic deterioration of Giridih due to political negligence and the unrest caused by left-wing extremists led to the inception of ‘Jago Foundation’ in the district.

In 2020-21 we continued our programmes and worked hard to extend our help to communities in need.

Baidyanath Mahto, Secretary
Jago Foundation, Giridih

Jago Foundation currently operates in four districts of Jharkhand where predominantly the Dalit and tribal communities reside. These areas have very few government services; and no other civil society organisation is active here that focuses on children.
Achievements over the years

30 villages have become child labour free.

Over 13,000 children have been enrolled in schools and Anganwadi (pre-school) centres.

90% girls (from 2,800+) have completed 10 years of schooling.

20 Schools and 16 AnganWadi Centers are now role model schools with all facilities.

40 villages have become child marriage free – now the minimum age of marriage for a girl is 18 years.

78,000+ community members along with 3,800 children, teachers and School Management Committee members have taken an oath to prevent child marriage.

1,600 adolescent boys and girls are trained in life skills such as:

900+ girls trained with computer education at Digital Education & Service Center for tribal & rural communities.

Since 1997, JAGO has positively impacted the lives of 35,000+ children, 13,000+ families in 158+ villages of Giridih Districts of Jharkhand.

During Covid, Hasina Praveen, aged 10 and her 3 siblings started to work as daily labourers in a brick kiln to support the family. Jago Foundation sensitised the parents to the importance of education and educated the owner of the Brick Kiln about the consequences of child labour. The Mukhiya and Ward member were also counselled to support the organization in this issue. All the four girls are now back to their studies. Jago Foundation is now trying to liaison their parents to the Government Schemes.

We are now aware of the importance of education and one day we will definitely change the fate of our family.

10 yr old Hasina Praveen & 9 yr old Rabina Praveen, Rescued from Child Labour
Our Programmes in 2020-21 promoted the well-being of children within their communities

1. **Ensuring the Rights & Education of children**: Campaigning against child labour; getting children into school through a range of supporting initiatives, including:
   
a. **Forming children’s and adolescents groups** to create awareness on child rights, health, nutrition and education. Participating children and adolescents carried these messages to their communities, thereby preventing several cases of child labour and child marriage.
   
b. **Early education** ensuring functional anganwadis for children under five. During the pandemic, a home-based method of learning was followed where mothers were trained as teachers and household materials were used to teach pre-primary concepts.
   
c. **Formal education support** for vulnerable children and victims of child labour, both pre and post lockdown.

2. **Strengthening families** with a focus on women and livelihoods; providing different forms of health and nutrition support.

3. **Community building in the mining area**—Created legal awareness among villagers on child protection, land rights, social justice, tribal act etc.
   
   Activities include:
   
a. **Additional livelihood and community led socio-economic development**.
   
b. **Investment aid** to families to develop additional income to reduce Mica dependencies.
   
c. **Building awareness** and accessibility of welfare schemes

4. **Disaster response** - Covid Relief and Care programme - Families were given dry ration kits, health and hygiene kits, covid care kits and education kits. Children were provided access to digital education and psycho-social care, community members were sensitised and families were provided livelihood rehabilitation. Awareness campaigns were also conducted for prevention and vaccination.
I started this small business to support the education of my children and the basic household needs only, but as soon as I have started earning, I can see the change in response of my family and neighbourhood. Being an earning member, I am recognized and seriously considered for opinions. Never thought I would be able to enjoy this recognition.

Sheela Devi
‘Thank you’, Dear Donor Agencies, Supporters, Well-Wishers & Network Partners

Our Project Partners:
- CRY (Child Rights and You), UK, Kolkata

Give India

Preschool education activities conducted by adolescent girl volunteers is a very good initiative taken by Jago Foundation. Surely these type of activities will make teaching very effective. It is also a learning exercise for the volunteers. This type of work needs to be done in more places and I am always ready to support Jago Foundation.

Sri Bhagirath Mandal, Mukhiya Algunda Panchayat

Join us in our plans ahead to:

• Expand our services to 25 more villages in the mica mining area, enrolling 5,000+ children to school.
• Help 3,500+ girls in Giridih complete at least 10 years of schooling.
• Provide livelihood support to 500 more families.
• Support colonies of leprosy affected people in Dhanbad, Bokaro, Ramgarh and Jamtara.
• Extend our work to the entire district of Giridih to prevent child labour and child marriage, which has increased due to Covid.

A Special Appeal
Your support of Rs. 3000/- will help 1 child move away from the worst forms of child labour
Will you join us?
