

EVERYONE:

There are some areas of skill and knowledge that are useful for everyone involved in establishing, delivering, improving or using wheelchair provision services.

The events build a foundational knowledge of the need for and benefit of appropriate wheelchair provision and different stakeholders' roles in developing and supporting provision.

WHO IS IT FOR?

Anyone who has a part to play in influencing and supporting appropriate wheelchair provision, e.g., policy makers, leaders, politicians, disabled people's organizations, wheelchair users and their families, caregivers, funders, donors, clinicians, technicians, rehabilitation workers, community-based health promoters, wheelchair manufacturers and suppliers, professional groups.

GROUP SIZE

Up to 30 people, with one trainer for every ten attendees and at least one experienced wheelchair user advisor.

DURATION

3–4 hours

LEARNING OBJECTIVES

By the end of the training participants will be able to:

- Explain what makes a wheelchair appropriate and the need for a range of different types of wheelchairs;
- Highlight the needs of wheelchair users in the country and the benefits to all when wheelchair users are as mobile and as independent as possible;
- Understand current wheelchair provision in their country and a way forward for further improvement and sustainability;
- Explain the role each stakeholder should play in securing adequate wheelchair provision;
- Propose strategies to help the change process, communicate the vision of success, remove obstacles and provide support;
- Advocate for national policies and standards and awareness of disability rights.

FORMAT

- Presentations
- Discussions
- Group work
