Organization Background:

Sanskriti Samvardhan Mandal (SSM), an organization working for sustainable Rural Development for the past 60+ years. Quality Education, Skill Development, Agriculture Development and Quality Environment are the major sectors of working. Our latest Annual Report is attached for your reference. Please visit our website for more info and click here to see a short documentary on SSM.

Program Overview:

SSM has been providing Quality Education to 4000 rural children on its campus at Sagroli, Dist. Nanded in Maharashtra; 2000 among them are residential making SSM one of the largest residential schools in rural India. The school is well known in Marathwada region for its hundreds of small projects, for language development, math development, exposure to science, skill development, sports and other curricular activities; making the EDUCATION joyful at SSM.

SSM set up a Skill Development Center since 2009 and started market oriented courses and gradually scaled up in the sectors like Agriculture, Food processing, Plumbing, Garments, etc, providing livelihood to 1700 youth per year. We provide technical skill along with life skills at the center. Response from the community and corporate is encouraging in the sector.

The Krishi Vigyan Kendra (KVK), supported by ICAR, (Ministry of Agriculture, Gol), has been running by SSM for Development of Agriculture sector in Nanded district. Established in 2012, within a short span of time, the KVK has emerged as a trustworthy mentor among farmers, community groups and other institutions in the region.

For a sustainable Environment and Livelihood, SSM works with the concept of Watershed development. SSM has brought revolutionary change in the lives of more than 20K families from 50+ villages in the past 25 years.

Key Impacts:

1. 45000 well settled school alumina
2. 5000 youth, empowered with skill are well settled either in concern industry or own enterprise.
3. 50+ water sustainable villages having increased income by 50% through new livelihood opportunities.
4. Increased income of 20000 farmers.
