Program Overview:

CORP provides nutritious meals, quality education, healthcare, childcare, legal guidance, vocational training, capacity-building workshops and other critical support services to foster self-sufficiency. Across each calendar year, over 5000 families benefit from the above groups, sessions and activities.

Over 1200 children currently attend our Creche and Day care centres, Tuitions are provided for over 500 children, who are currently in education and over 2000 receive support from informal classes and vocational training leading to employment. Through the provision of such training, then self-sufficiency is encouraged and goals can be achieved for both the individual and their respective families. CORP passionately believes in social inclusion and ensures that all groups and activities are accessible to all. As a result of our approach to this practice, over 300 disabled children and street children are able to engage in the activities.

Key Impacts:

Since our inception, CORP has touched and transformed the lives of over **1 million** children and women, while building deep credibility and trust in the communities we are serving.

1) Women Empowerment Programme:- over 1000 women enrolled in our Vocational Training Centers every year and several women of our Tailoring & Beautician classes availed of outside jobs opportunities in Garments industry and Beauty salons respectively.

2) Creche and Pre-school:- CORP's Crèche and Pre-school Programme are located in some of the most poverty-stricken areas of Mumbai. In these centres, children of poor working mothers are provided a safe and caring environment. Every year over **1200** children, benefitted and they are provided with a foundational education to prepare them to attend formal school. Every year in June, over **400** children after completing 6 years are admitted to formal schools in Std. 1st.
